

Study Trip

Smart Hospital

HUMBER RIVER HOSPITAL

16th – 18th September

What is this about?

Experience North America's first fully digital hospital and learn about its journey towards a Smart Hospital!

Experience:

We will be able to go and see:

- how Humber River Hospital empowers its patients with digital technology
- how processes are automated and streamlined with real-time location services and robotics
- how their teams collaborate using technology
- how the whole hospital is run from a Command Center, the central planning and steering unit.

Program:

- Evening of September 16: Introduction session and briefing for the visit
- All-day of September 17: Visit of the Humber River Hospital
- Morning of September 18: Workshop to reflect key learnings and main take home messages

Investment:

CHF 2'950.- per Person
(covering all costs in Toronto, excluding the flight)
